MAKING THE IDEAL FIRM ORDER SYSTEM A REALITY AT BLACKWELL NORTH AMERICA.

Blackwell North America understands your needs for a more comprehensive and responsive firm order system.

We are making it a reality today.

We now back up our own scholarly inventory with a large trade inventory. We are using vans to pick up directly from publishers. And we are beginning installation of an online computer system to minimize paperwork and speed both East and West Coast orders.

As Vice President of Operations Chris von Hinkeldey and Firm Order Department Supervisor Sieglinde Berlage (above and at left) can attest, these innovations are working to cut short-term delivery times to libraries across the country.

Consider this list of B/NA benefits. No other bookseller provides them all. 1. Our own large scholarly book inventory lets us fill many orders instantly. 2. Our arrangement with a major supplier of trade books gives you access to their compre-

hensive inventory as well. 3. B/NA vans pick up orders directly from over 100 publishers near our Blackwood, New Jersey facility. 4. We never "batch order," so even single titles are ordered promptly. And 5., we claim frequently and report promptly to you.

Most important, our in-house computerized Firm Order System will link East and West. Your order will be input and instantly checked against our inventories. Plus, the system will interact with our other services such as Standing Orders, Approval and Out-of-Print.

We think it's a major advance in firm ordering. But you be the judge. Call us toll free or write your Regional Sales Manager today.
